Building Report No. BD-001-14

TO: Council
FROM: Planning and Development Department
DATE: March 24, 2014
SUBJECT: 2013 Annual Building Permit Fee and Expense Report

RECOMMENDATION:

That the 2013 annual building permit fee and expense report be received for information and posted for public availability on the website;

That the Treasurer is hereby authorized to transfer \$20,000 to the information technology infrastructure upgrade capital account;

And further that the Treasurer is hereby authorized to transfer any remaining balance to the Building Department reserve for a reserve fund.

BACKGROUND:

Pursuant to [Section 7\(4\) of the Building Code Act](#) and [Section 2.23.1.1. of Ontario Regulation 403/97](#) since 2006, every 12 months, each principal authority shall prepare and make publically available a report regarding annual fees collected, direct and indirect costs to administer and enforce the Act and the amount of any balance of any reserve account.

The *Building Code Act* does not require municipalities to adjust their fees every year in order to match costs. In years with high activity revenues are likely to exceed costs. However in quieter years, costs may well exceed revenues. Generally the balancing of the years is facilitated by planned contributions/withdrawals from the building department reserve.

CONSULTATIONS:

Treasurer

POLICY:

Ontario Building Code

DISCUSSION:

An indirect expense allocation of \$20,000 has been provided to cover program support, space and reserve for capital enhancements. It is recommended that the Treasurer be authorized to transfer this amount into the capital enhancement account for information technology upgrades.

It is anticipated that over the next few years there may be some refinement of our accounting practices.

Respectfully submitted,

Elaine Mallory, Director of Planning & Development

Milena Avramovic, Chief Administrative Officer
