YOUTH ZONE

- Did you know TLTI created a designated youth space at the Lansdowne Community Hall? We are seeking interest from adult allies in the community to help supervise this space. DID YOU KNOW...

- A portion of your municipal tax bill includes monies that are sent to the United Counties of Leeds and Grenville, and area school boards. The balance funds municipal services like fire, OPP, roads, parks, libraries and waste disposal sites.

The TLTI tax rate is the second lowest in the United Counties of Leeds and Grenville out of 10 municipalities.

The Municipal Property Assessment Corporation (MPAC) determines the assessment for properties across Ontario. Municipalities set the tax rate based on the annual budget approved by Council. The assessment value multiplied by the tax rate equals the tax you pay for your property.

For a residential property with an assessment of \$200,000, the monthly property tax bill is approximately \$165. Of that, the Township's portion is approximately \$76.

- Leeds and Thousand Islands Archives | Contact? 613-659-3785 | www.ltipl.net/archives | archivist@ltiarchives.ca

Visit – Every Thursday afternoon; check out our collection of photographs, newspapers, municipal records, diaries and business records spanning over 200 years of township history;

Donate – Add to our collection by donating photographs, event programs, and personal reminiscences that tell your story in our township;

Volunteer – Learn the mysteries of archives organization and management; work on projects designed to share the archives collection with the wider community.

- TIWLT are welcoming people to our new home in Glen Elbe. Although we have properties all around Leeds County, this special place illustrates the joining of history and nature. Currently we're putting up greenhouses to grow climate ready species and we're restoring the stagecoach stop for small group workshops and getting out of the weather.
