Adjustment

Re: Zoning Amendment for lot addition

Please find attached the minor variance application regarding a proposed
addition at 901 Wild Rose Lane.

We are seeking a zoning amendment for a recent lot addition to the above
noted address. The intent of the lot addition which is currently zoned RU is
to provide additional lands needed to the existing parcel zoned RS to create
access to the existing parcel which crossed lands not owned by the owner as
well as creation of a parking area

Thank you,

Greg Ham
