9.2 Sketch Requirements

For zoning and official plan amendment applications, a detailed sketch **is required**. The sketch must include:

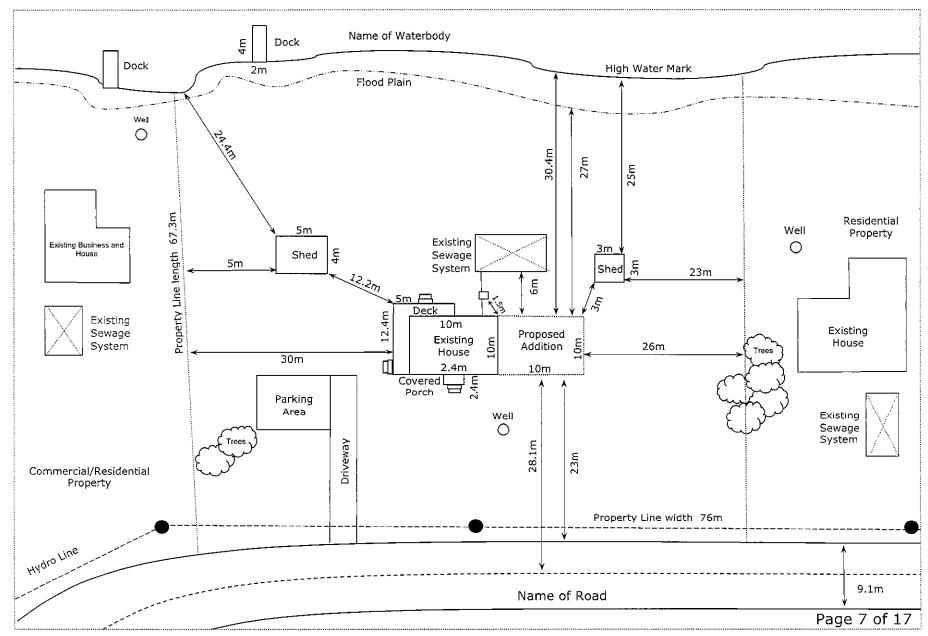

- (a) The boundaries and dimensions of the subject land.
- (b) The location, size and type of all existing and proposed buildings and structures on the subject land, indicating their distance from the front lot line, rear lot line and side lot line.
- (c) The approximate location of all natural and artificial features (for example, buildings, railways, roads, watercourses, flood plains drainage, banks of rivers or streams, wetlands, wooded areas, wells and septic tanks) that:
 - (i) Are located on the subject land and on land that is adjacent to it, and
 - (ii) In the applicant's opinion, may affect the application.
- (d) The current uses of land that is adjacent to the subject land.
- (e) The location, width and name of any roads within or abutting the subject land, indicating whether it is an unopened road allowance, a public travelled road, a private road or a right of way.
- (f) If access to the subject land will be by water only, the location of the parking and docking facilities to be used; and
- (g) The location and nature of any easement affecting the subject land.

9.3 Site Plan Requirements

In addition to Section 9.2, for site plan applications, drawings showing plan, elevation and cross-section views for each building to be erected, except a building to be used for residential purposes containing fewer than 25 dwelling units which drawings are sufficient to display,

- (a) The massing and conceptual design of the proposed building;
- (b) The relationship of the proposed building to adjacent buildings, streets and exterior areas to which members of the public have access;
- (c) The provision of interior walkways, stairs, elevators and escalators to which members of the public have access from streets, open spaces and interior walkways in adjacent buildings;
- (d) Matters relating to exterior design, including without limitation the character, scale, appearance and design features of buildings, and their sustainable design, but only to the extent that it is a matter of exterior design
- (d.1) Matters relating to exterior access to each building that will contain affordable housing units or to any part of such building, but only to the extent that it is a matter of exterior design;
- (e) the sustainable design elements on any adjoining highway under a municipality's jurisdiction, including without limitation trees, shrubs, hedges, plantings or other ground cover, permeable paving materials, street furniture, curb ramps, waste and recycling containers and bicycle parking facilities; and
- (f) facilities designed to have regard for accessibility for persons with disabilities.
